

Job reference

Mr Purevsuren Davaadorj, born on 27.05.1999, joined our company on 01.07.2022 as a Junior Software Developer.

esz AG calibration & metrology is one of the leading and most modern metrology laboratories in Europe, one of "Bavaria's Best 50" medium-sized companies and winner of the Bavarian Founder's Prize. The company specialises in the calibration of industrial measurement technology. The company is characterised by tailor-made system services and an exceptionally high level of customer orientation.

In his role as Junior Software Developer, Mr Davaadorj is particularly familiar with the following activities:

- Add new features to our software applications and fix bugs
- Write unit tests and participate in code reviews
- Create documentation about the code and architecture
- Take part in daily standups and iteration meetings

Mr Davaadorj has already used his in-depth specialist knowledge very successfully in the course of his employment to date. He has also taken advantage of our internal training events with good results. He combines conceptual thinking with operational solutions, which he always applies profitably.

Furthermore, Mr Davaadorj masters the varied tasks of his position well due to his high level of performance. He continuously fulfils the tasks assigned to him with conscientiousness, systematics and efficiency.

Mr Davaadorj is also a highly motivated and very committed employee who drives the project work forward in an exemplary manner. Thanks to his above-average work commitment, he always achieves commendable results. He has mastered the software programmes used by our company extremely well after only a short time, so that he could quickly be entrusted with difficult tasks. Mr Davaadorj's performance has always been to our complete satisfaction.

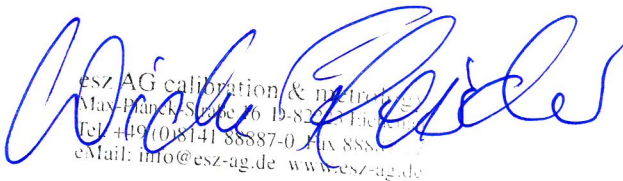

Mr Davaadorj's personal behaviour meets high standards. He is universally recognised and popular because of his team-oriented attitude. He is also always appreciated by customers as a reliable specialist. They have great confidence in him at all times.

Mr Davaadorj requested an interim reference. We were happy to fulfil this request.

We would like to thank Mr Davaadorj for his consistently good performance and hope that we can continue our very productive and pleasant working relationship in the future.
